

100% PCR PET

Post consumer recycled PET

- By using 100% post consumer recycled PET plastic, we are able to build the brand image in “ Green”.
- By partnership with DAAI technology, the PCR PET material is from 5,400 Tzu Chi recycling stations in Taiwan, nearly 2,000 tons of PET bottles are collected each year.
- **Recycling process:** collecting and sorting of PET bottles, going through bale, breaker, vibrator and separator, crushing into flakes, melting into PET resin, produce the bottles.
