簡潔 & 永續-為您創造無限的可能

在這美的產業，我們的客戶需要的不僅僅是一個盛裝產品的容器，更是一個展現產品價值跟產品故事的媒介，一個說故事的包材。

俊伸有限公司是一家優良的化妝品包裝材料製造商與供應商。在台灣擁有30年之研發與製造經驗的我們與新設立的加拿大辦公室，為全球客戶提供許多種類且高品質之化妝品包裝。我們提供精緻的客製化服務，以滿足客戶之多樣的需求。

因為相信在化妝品包材的市場裡，可以美麗時尚，也可以同時為這個居住的環境盡一份心力。企業理念:簡單 (simple) & 永續(sustainable)，是推動著我們每天前進的動力。憑藉著過往使用各種不同材質的經驗及累積的專業知識，同時秉持著設計並生產可節省能源、可回收且具永續性包裝的使命。

我們於2005年起開始做了不同的嘗試並積極開發PET厚壁瓶(請參閱第6頁)，PET厚壁瓶系列不但保有類似玻璃的透明度及白瓷瓶的光澤感，以及不易碎裂的特性。基於環保以及愛護地球的理念，我們亦於2009年全心投入100%消費者後端回收PET (PCR PET)厚瓶製作來呼應企業理念(請參閱第19頁)。更於2011年，將企業理念注入產品設計中並推出單一材質的PET霜罐(請參閱第24頁)，不但使整個產品可以百分之百回收更提高回收的效率。

俊伸有限公司亦提供多項客製化的服務，將產品量身訂做，為產品說故事，以持續提供讓客戶滿意的服務。期待與客戶一起成長，一起創造更好的未來。

Simple & Sustainable - We Create Infinite Possibilities For You

EPOPACK is a Taiwan-based manufacturer of sustainable packaging solutions, with a Canadian office. With over 30 years of experience in R&D and manufacturing, we specialize in high-quality, **PET heavy-wall bottles, jars, and airless bottles** that are available in **100% PCR PET**.

We understand that in the beauty industry, packaging is more than just a container; it's a storyteller. Our solutions **offer flexibility, customization, and sustainability** to help you create a unique visual identity, convey your brand message, and make a positive environmental impact.

Our focus on PET material and heavy-wall design ensures both durability and sustainability. Our offerings are chic, adaptable, and easily customizable to meet your specific needs. Since 2009, we've been committed to developing **100% PCR PET heavy-wall bottles**, continuously pushing the boundaries of sustainable packaging.

Corporate social responsibility is at the core of our business. We strive to use **energy-efficient materials**, minimize our environmental footprint, and continuously improve our technology and aesthetics.

Choose EPOPACK for premium packaging, unparalleled customer support, and a commitment to a sustainable future.

PET HEAVY

*Elegance redefined in
premium design.*

WALL BOTTLES

Heavy wall style

The premium heavy wall feature creates a feeling of richness which makes cosmetic products stand out. With PET’s high clarity, it looks just like glass but it’s shatterproof! EPOPACKS' heavy wall style goes beyond being a mere aesthetic choice. It embodies reliability, innovation, and showcases our profound commitment to sustainable and beautiful packaging options.

PET Material

PET, short for Polyethylene Terephthalate, carries international recycling code #1 making it the most widely recycled plastic material in the world. PET’s high level of clarity makes it ideal for showcasing formulations from any angle. Its remarkable physical and chemical resistance, along with its superior rigidity make it a preferred choice for packaging solutions that require durability and protection. PET’s high recyclability contributes to its ever growing popularity in sustainable packaging initiatives.

Up-Spring Style Pump

At EPOPACK we focus on the smallest details because we know they make all the difference. Our up spring style pumps are an improvement to the standard pump system. A small yet powerful feature we provide with all our pump systems is the metal spring being outside the tube which allows for a metal free pathway for the formulation and overall superior product protection by comparison. This is the perfect example of a key feature that you never see but the functionality relies on it working right and the details involved throughout are paramount to a positive user experience.
